Jakarta, Indonesia

Rasyid is a fifth-semester Computer Science student at Bina Nusantara University streaming in Data Science with a GPA of 3.44/4.00, seeks an internship in the dynamic fields of Data Science and Data Analyst. Proficient in Python, R, SQL, Excel, and Tableau, with hands-on experience in Data Preprocessing, Analysis, and Visualization, Statistical analysis, and Machine learning algorithms. Through my active involvement in campus organizations as HRD Manager at BNCC and Public Relations at HIMTI, I have developed agile mindset, time management, teamwork, and communication skills in both Indonesian and English. Eager to contribute, learn, and further develop my technical and soft skills during internship to gain valuable insights into the industry.
